Preserve Precious Memories.

These fine, high quality porcelain tiles are made by using a combination of old-world techniques and the latest photo reproduction techniques to produce an exquisite and beautiful memorial that will preserve your loved one's memory for generations to come. The image that you choose to

place on your loved one's Life Portrait Porcelain Tile adds a personal touch and transformation to a new or pre-existing marker, niche, columbarium, or crypt. Each individual tile is carefully modified by a graphic artist and then kiln fired to perfection at an intensely heated temperature to

ensure a permanent image of your loved one. You may also choose to frame the tile with an elegant and rich bronze frame that not only enhances the beauty and elegance of the tile, but also adds protection. Not only are these unique memorials manufactured with high definition and clarity,

they are also resistant to UV deterioration. This means the photo of your precious loved one will not fade when the tiles are mounted in direct sunlight. The Life Portrait Porcelain Tiles offer a warmer and more expressive way to honor and celebrate the life of a loved one.
